

## QUALITY, SECURITY AND ENVIRONMENT POLICY

Our policy is part of a Global Quality, Security and Environment Protection Management System conforming to prevailing regulations. It is oriented towards customer satisfaction.

### *COMMITMENT AND OBJECTIVES:*

APEM Management is committed to support the human, financial, organizational and technical means necessary to:

- Ensure product quality
- Meet delivery expectations
- Develop products that meet or exceed customer requirements
- Prevent irreparable damage to the environment
- Control our energy consumption
- Provide the necessary resources and a strong commitment to preserve and promote personnel health and security

Our policy relies on a continuous improvement philosophy, involving all of our employees to help to ensure the sustainable development of the Company.
