

DECLARATION OF CONFORMITY

All products manufactured or supplied by Apem Components Limited are RoHS / REACH compliant to the current European Directives and Regulations.

RoHS – European directive 2011/65/EU Including Amending Directive 2017/2102

This directive aims at restricting the marketing and use of the following hazardous substances:

- Mercury (Hg) - maximum concentration 0.1%
- Cadmium (Cd) - maximum concentration 0.01%
- Hexavalent Chrome : Cr+6 - maximum concentration 0.1%
- Polybrominated biphenyls and Polybrominated diphenylethers - maximum concentration 0.1%
- Lead (Pb) - maximum concentration 0.1%
- Bis(2-Ethylhexyl) phthalate (DEHP) – maximum concentration 0.1%
- Benzyl butyl phthalate (BBP) – maximum concentration 0.1%
- Dibutyl phthalate (DBP) – maximum concentration 0.1%
- Diisobutyl phthalate (DIBP) – maximum concentration 0.1%

REACH – European Regulation EC1907/2006

The following substances are likely to be Substances of Very High Concern (SVHC) within the meaning of REACH (including Candidate List Released June 1st 2018).

With the information from testing and inputs from our supplier base, the answer is NONE.

The following substances, preparations or articles have been included in the Pre-Registration phase:

Apem Components Limited does not procure, manufacture and/or ship products that exceed the REACH initiative of 1 Metric Tonne threshold per year required for Pre-Registration.

We confirm that all product manufactured or supplied by Apem Components Limited, will remain in compliance with the restriction of the marketing and use of the above-mentioned substances imposed by such directive. Any change to this status will be formally notified.
